Summary of Ertman: Birth of the leviathan - From ...
Broadly, the book seeks to explore how war and the
resulting need for resources interacted with other variables
to produce the variety of European regimes that emerged
from late medieval Europe. To explain this variety of
outcomes, Ertman explores three primary variables: the
role of representative structures, the role of historical
timing

Birth of the Leviathan: Building States and Regimes in ...

This book presents a new theory of statebuilding in medieval and early modern Europe. Ertman argues that two factors - the organization of local government at the time of state formation and the timing of sustained geomilitary competition - can explain most of the variation in political regimes and in state infrastructures found across the
