Corporate capital | Open Library

Open Library is an initiative of the Internet Archive, a 501(c)(3) non-profit, building a digital library of Internet sites and other cultural artifacts in digital form.

Christos Pitelis | University of Technology Sydney

While Hymer's contribution to the theory of the transnational corporation and foreign direct investment is widely recognized, his contribution to the political economy of what he called "multinational corporate capital" has received less attention. In this paper, we revisit some of the issues he raised, notably uneven development, global governance and central planning in the context of
