The idea of cosmopolitanism has informed some of the most important developments in current sociology. It has changed the way in which we think about a vast array of issues: the forces of globalization, the resurgence of nationalism, the future of political community in Europe, the role of international law in social life, changing

Britannica.com

Cosmopolitanism: Cosmopolitanism, in international relations, school of thought in which the essence of international society is defined in terms of social bonds that link people, communities, and societies. The term cosmopolitanism is derived from the Greek cosmopolis. It refers to a cluster of ideas and schools.
