[In Respect to Egotism: Studies in American Romantic ...](#)

Joel Porte offers a timely reassessment of nineteenth-century literature, focusing on the general question of the American Romantic ego and its varying modalities of self-creation, self-display, self-projection, and self-concealment. The book begins by exploring the status of the "text" in nineteenth-century American writing, the relationship

Porte, in short, wants to argue that these writers wrought literary and social selfdefinition , undoubtedly a more ideologicallypalatable versionof"egotism," primarily "in

respect to" various but ultimately analogous forms of external oppression: the hegemony of British writing, the lack of clear strategies for exploiting native language and materials, the absence of a profession of letters.
