[Mars Life \(The Grand Tour, #17\) by Ben Bova -](#)  
[Goodreads](#)

I found Mars Life to be a disappointing addition to Ben Bova's Mars books. I enjoyed the science and politics challenges and creative solutions for Mars exploration, particularly in the first two books.

**Mars (The Grand Tour, #4) by Ben Bova - Goodreads**  
"Mars", by Ben Bova, is a fairly accurate chronicle of what a first manned mission to Mars might be like. Bova did a good job of capturing what technology we might need, what the astronauts would do for the long journey there, how the politicians and world would react to events, how the astronauts might feel and behave, and what might be found on Mars.

**MARS by Ben Bova | Kirkus Reviews**

And, well, of course there's life on Mars! Technically accurate and absorbing if somewhat ponderous at times, with questions and answers reliably in balance: a dependable, satisfying foray into science realism.

**Mars Life book by Ben Bova - Thriftbooks**

The addition of "Mars Life" to the series keeps the series alive and Bova turning out good stories and a vision of how science and the future may interact. In the Mars portion of books, Navajo tribesman, Jamie Waterman, had discovered ancient cliff dwellings, and has been nurturing the Mars program along ever since.
