Shifting Cultivation and Secondary Succession in the Tropics eBook: Albert O. Aweto: Amazon.ca: Kindle Store

Shifting cultivation and secondary succession in the tropics.

The present book attempts to document and systematize findings on shifting cultivation on a pan-tropical basis, drawing on major findings in the literature in the last five decades. The current book examines the processes of secondary succession and soil fertility restoration under bush fallow within an integrative framework, and uses the core-periphery analogy to analyse the process and stages of secondary vegetation development and soil fertility restoration under bush fallow. The book is
