[The Invention of the Modern Republic: Biancamaria](#)  
[Fontana ...](#)

In *The Invention of the Modern Republic*, a team of highly distinguished historians of ideas answers this question, and examines the origins of republican governments in America and Europe. Given the renewed interest at present in the functioning and evolution of democratic institutions—especially in their relation with market economies—the issues discussed here have a powerful contemporary resonance. *The invention of the modern republic by Fontana, Biancamaria*

*The invention of the modern republic* Fontana, Biancamaria Why are republics the most common form of political organization, and the one most readily associated with modern democracy, when until the late eighteenth-century it was generally believed that republics could function only in small urban territories with considerable ethical and political cohesion?
